

Tender for Installation of Access Control for Corporate Offices

State Bank of India, UK is inviting quotations for the Installation of Access Control at 3 corporate locations.

Below is the minimum scope of works required for the project. Site survey and highly recommended in order for clarification on scope of project.

Details of Locations: SBI UK has 3 corporate locations.

King Street is the main building located at 15-17 King Street EC2V 8EA.

Cornhill located at 2nd floor 77 Cornhill EC3V 3QQ

Hygeia house 66 – 68 College Rd 3rd fl Hygeia House Harrow HA1 1BE.

Details of Number of doors at each location :

King Street: Stairwell doors for basement, 1st, 2nd, 3rd, 4th, 5th floor will be a total of 12. Each door is to have a standard plain reader with mag lock on the door.

15 Doors to have either numerical keypad reader or biometric reader. Please provide cost for both.

Cornhill: 2 fire exit doors each to have standard plain reader.

Hygeia House Harrow: 3 doors. Main entrance on the 3rd fl and 2 additional doors to have numerical keypad access reader or biometric reader. Please provide cost for both.

Connectivity- All existing biometric access readers are currently connected on a network. So all new readers can use existing data connections at locations. We need options on if management of the platform can be done locally at each location or over the cloud if all locations are linked together. Where necessary, new cabling will have to be run. For all locations, if existing hardware is fit for purpose, please reuse. The labour cost needs to be submitted on both in hours / out of hours.

Bids: quotations are to be submitted in sealed envelopes, Marked 'Private and Confidential mentioning 'Access Control Installation' and are to be sent to the Head GB & Admin. Bidders needs to submit contractors questionnaire, which is available for download from the link **Appendix** in the RFP notification.
