## Credit Reference and Fraud Prevention Agencies

We may use credit reference (CRA) and fraud prevention (FPA) agencies to help us make decisions. How we, CRAs and FPAs will use your information is detailed below.

By **confirming your agreement to proceed** you are accepting that we may each use your information in this way.

### How we will use your data

1. We will search at credit reference and fraud prevention agencies for information on all applicants. In so doing we will provide current and previous names, addresses and dates of birth, of all parties, so if you are providing information about others, on a joint application, you must be sure that you have their agreement. If you give us false or inaccurate information and we identify fraud, details may be passed to credit reference and fraud prevention agencies.
2. We will use the information provided to us by credit reference and fraud prevention agencies to help make credit or credit related decisions about all applicants, to verify their identity, for the prevention and detection of fraud and/or money laundering, and to manage accounts. We may use scoring methods, which may be automated, to do this. If you borrow from us and do not make payments that you owe us, we will trace your whereabouts and recover debts.
3. When credit reference agencies receive a search from us they will place a search "footprint" on your credit file whether or not this application proceeds. If the search was for a credit application the record of that search (but not the name of the organisation that carried it out) may be seen by other organisations when you apply for credit in the future.
4. If you are making a joint application now or have ever done the following we will check your financial associates' personal accounts as well:-
  - 4.1 Applied for credit with someone else;
  - 4.2 Have joint account(s);
  - 4.3 Are already financially linked.

A financial associate will be someone with whom you have a personal relationship that creates a joint financial unit in a similar way to a married couple. You will have been living at the same address at the time. It is not intended to include temporary arrangements such as student or rented flat sharers or business relationships. Credit reference agencies may link together the records of people that are part of a financial unit. They may do this when people are known to be linked, such as being married or have jointly applied for credit or have joint accounts. They may also link people together if they, themselves, state that they are financially linked. Links between financial associates will remain on your and their files until such time as you or your partner successfully files for a disassociation with the credit reference agencies.

5. Credit reference agencies will supply to us, public information such as County Court Judgments (CCJs) and bankruptcies, electoral register information and fraud prevention information on applicants' [and their known financial associates] current and previous names, addresses and dates of birth.

## How your data WILL be used by credit reference agencies

6. The information which we and other organisations provide to the credit reference agencies about you, your financial associates and your business (if you have one) may be supplied by credit reference agencies to other organisations and used by them to
  - 6.1 Prevent crime, fraud and money laundering by, for example checking details provided on applications for credit and Credit related or other facilities;
